**Commonly Used Terms**

**Lesbian**
A female who is attracted physically and emotionally to other females.

**LGBTQ**
A commonly used acronym for lesbian, gay, bisexual, trans-identified, transgender, two-spirited and queer identities. Sexual minority is a synonymous term.

**Queer**
Historically, a negative term for homosexuality. More recently, the LGBTQ communities have reclaimed the word and use it as a positive way to refer to themselves.

**Transgender/Trans-identified**
A person whose gender identity, outward appearance, expression and/or anatomy do not fit into conventional expectations of male or female. Often used as an umbrella term to represent a wide range of non-conforming gender identities and behaviours.

**Two-spirited**
Some Aboriginal people identify themselves as two-spirited rather than as lesbian, gay, bisexual or trans-identified. Historically, in many Aboriginal cultures two-spirited persons were respected leaders and medicine people. Two-spirited persons were often accorded special status based on their unique abilities to understand both male and female perspectives.

Welcome to Safe Spaces, a joint initiative of the Alberta Teachers’ Association (ATA) and the Society for Safe and Caring Schools and Communities (SACSC). In this brochure you will find definitions and information to assist you in creating safe, caring and inclusive spaces for lesbian, gay, bisexual, trans-identified and queer (LGBTQ) students, as well as their allies and families.

Why do we need safe spaces for LGBTQ students in our schools?

LGBTQ students often face discrimination and prejudice in schools. Research indicates that LGBTQ students have higher rates of suicide, drug and alcohol use, smoking and feelings of isolation and despair.

Students who feel unsafe in their school are less likely to learn, whereas students who perceive their schools as accepting, safe and welcoming improve their grades and attendance, and feel more hopeful about their academic and personal future.

The ATA and SACSC Safe Spaces initiative focuses on three critical areas necessary to address discrimination and prejudice in schools: respecting human rights, respecting individuals and taking personal responsibility.

Human rights
Both the Alberta Human Rights, Citizenship and Multiculturalism Act and the Canadian Charter of Rights and Freedoms prohibit discrimination on the basis of sexual orientation.

Individual respect
Alberta’s teachers are bound by the Professional Code of Conduct, which requires teachers to show respect for all students, including those who are or are perceived as being LGBTQ.

Everyone’s responsibility
Everyone in the school is responsible for creating a safe, caring and inclusive environment and reducing homophobia and heterosexism. Here are a few strategies you can use to reduce discrimination and prejudice toward LGBTQ students in your school:

- Educate yourself about LGBTQ issues by visiting the University of Alberta’s LGBTQ resources or the gay-straight alliance (GSA) page (www.teachers.ab.ca).
- Make plans to support your school’s LGBTQ students.
- Request that your school’s LGBTQ workshop be held at your school as a professional development opportunity.
